

## **PayAsia Partners with Circopay to Provide Early Wage Access to their Clientele!**

As we continue to work towards providing timely & accurate payrolls for our client's employees, we likewise endeavour to provide innovative value-added services that may directly impact their financial health. For this New Year, we would like to introduce you to our new service offering: **Early Wage Access (EWA)**.

Early Wage Access (EWA) goes by many names — early wage access, on-demand pay, daily pay benefit — but essentially, they all refer to the ability for an employee to access a portion of the money they have already earned before their scheduled payday. By providing the employees with instant access to a portion of their hard-earned salary, the employer can help **reduce financial stress, lower absenteeism, raise productivity** and **increase employee engagement**.

PayAsia is proud to announce our partnership with Circopay, to provide its client's employees with this benefit. Through Circopay's Early Wages Access (EWA) platform, our client's employees may enjoy the access to a portion of their accrued salaries by raising a request through a seamless WhatsApp message, which through a simple and straightforward workflow process may be approved and credited in their respective bank accounts on the same day.

Don't miss the chance to become the Employer of Choice by giving your valuable employees the financial freedom they deserve without any impact to your current payroll process nor monthly pay dates. Empower employees to choose how they want to get paid without additional work for the corporate payroll office.

*This festive season, gift your employees the gift of Financial Freedom because at the end, it's all about the people. Make everyday a payday!*

Interested to learn more about Earned Wage Access? Please reach out to our sales team and we will be happy to schedule a call with you!
